This application will be reviewed by the Parish Council which will then be accepted or declined depending on circumstances given. All applications will be taken into consideration.

1. The underlying principle is no disrespect to the beliefs and values of the Union Church or to the facilities.
2. When alcohol is approved by the Parish Council for a particular function, it is on the understanding that it will be used **in moderation**. The level for safe driving is a good indicator of what counts as moderation.
3. Your group will have a “host” who will take responsibility for the well-being of those present and that all alcohol consumption is within these bounds of moderation. This should be the designated person’s sole task for the duration of the event.

The Kaeo-Kerikeri Union Parish seeks to provide an environment for building good positive relationships.
